

Preliminary technical data

## Fronius PV Point Comfort

Technical data		Unit				
	Item number		4,240,315,CK			
			Primo GEN24 & GEN24 Plus		Symo GEN24 & GEN24 Plus	
			Continuous operation	Overload (5 seconds)	Continuous operation	Overload (5 seconds)
	Max. Power in backup power mode	W	3000	4700	3000	4100
			Continuous operation	Overload (5 seconds)	Continuous operation	Overload (5 seconds)
	Maximum current	A	13	20	13	18
	Grid connection		1~ NPE 220/230			
	Fusing		Miniature circuit breaker 13 A* type C & 30 mA residual current device type A			
			With packaging	Without packaging	With packaging	Without packaging
Weight	g	412	320	412	320	
Dimensions (height × width × depth)	mm	45 x 119 x 103				

\*If required, a miniature circuit breaker with a maximum of 16A can also be used for fusing. However, a maximum of 13A can be provided in backup power mode.
